Hi Folks,

For this exercise, please disregard any previous version of this Word file. The attached here will be the file each of you will edit, save and send back to me directly. I have locked “track changes” on this document, you don’t have to worry about turning this feature on. I expect to receive multiple files from across 6WQ, that’s fine. I will then consolidate all of your comments/edits/additions into 6XA’s file.

As Olivia noted, the deadline for submitting your track changed file to me is **3:00 pm Wednesday, 4/18**. I will then submit to 6XA by COB tomorrow.

To review David Gray’s instructions, 1) delete resolved issues, 2) revise outdated issues and 3) add new issues. Follow the existing format and do not uses acronyms. Please make sure your write-up conveys the problem and next steps or deadline.

Note that this is an ideal exercise for OneDrive, however there are certain protections within the document that did not allow for sections to be edited with track changes on. It’s complicated but with the short turnaround time, this option for collecting info will work.

Please let me know if you have any questions.

Thanks,

Tom

FYI ... Tom will be consolidating input on our Division revisions, so **he will send you further instructions on main document to use** to track your changes to expedite reviews and submittal of input to 6XA.

All –

Deputy Administrator Wheeler will report on Monday, April 23. HQ has asked for updated hot issues. To get us started, I have attached the original hot issues for the RA book. We need to submit our revised hot issues on Thursday, April 19.

Please review the attached file (USE TRACK CHANGES) and 1) delete resolved issues, 2) revise outdated issues and 3) add new issues. Please follow the existing format and do not use acronyms. Please make sure your write-up conveys the problem and next steps or deadline.

Please submit your division's response to Janie Acevedo in External Affairs and copy me.
